

Amateur Sports Teams

Authors: Stella Garcia, Elizabeth Frick, Josh Fugate, and Jake Gilstrap

Problem Statement

Amateur sport teams currently do not have an organized way to connect to other amateur sports teams in order to play casual games. Our solution should provide these amateur athletes a way to connect with each other and compete.

OR

Amateur sport teams need a way to connect to other amateur sports teams in order to schedule casual games because there is currently not an organized way to do so.

Who is experiencing the problem?

Amateur athletes who are members of amateur sports teams.

What is the problem?

The problem is that there is currently not an effective way for amateur sports teams to find other amateur sports teams in order to schedule casual games.

OR

An effective way of finding local competition for amateur sports teams does not exist on any mainstream platforms.

Where does the problem present itself?

This problem can present itself virtually anywhere where there are amateur sports teams.

Why does it matter?

Amateur sports teams need a way to connect with each other in a simple, organized, and reliable way.

Notes:

- Design an app that connects the user and his/her sports team with other amateur sports teams to schedule and play casual games.

Changelog:

- Formatted a bit so things look clean...ish (*EF* | 8/28/20)
- Added another option under “What is the problem?” basically just rewording the original statement a bit (*EF* | 8/28/20)
- Changed ‘easy’ to ‘simple’ under “Why does it matter?” (*EF* | 8/28/20)
- Added a small portion to notes (*JG* | 8/30/20)
